

SENAT'R HARDING
TO CONFER WITH
PARTY LEADERS

Will Seek to Bring Nominee in Closer Touch With Progressives

CANDIDATE SEES LODGE

Is Endeavoring to Ascertain Views of All Leaders in Party As Soon As Possible

Washington, June 16. — Plans for bringing Senator Harding, the Republican Presidential nominee, into closer touch with the party leaders, particularly those of the progressive wing, were discussed today at a lengthy conference which the senator had with Walter F. Brown of Toledo, his floor manager at the Chicago convention.

The conference is understood to have resulted in a decision to send invitations at once to a number of prominent progressives, asking them to meet with the Republican nominees to discuss the present situation and the coming campaign. The list of those to be invited will not be made public at present.

Conferences Prior to Acceptance

Friends of Senator Harding said tonight that the proposed conference would be held before the nominee's formal nomination, which will be sometime after July 15. The senator, it was said, hopes to utilize the views expressed by the party leaders in the preparation of his speech of acceptance.

While some of the meetings may be held before Mr. Harding leaves Washington Monday, the greater portion is expected to take place here, while he is on his vacation.

The visit of Mr. Brown today was regarded by political observers here as significant. In 1912 he was chairman of the Ohio State Progressive committee and was active in the campaign for Theodore Roosevelt. He was a delegate to the recent Chicago convention and after the defeat at the state primary of Harry N. Daugherty of Columbus, the senator's campaign manager, as a delegate at large, was selected as Mr. Harding's floor manager.

"I think you will find that the Progressives will be behind Senator Harding," Mr. Brown said as he left the senator's office. Indications that Mr. Harding, however, intends to ascertain the views of all leaders in the party was contained in his announcement today of a conference last night attended by Senators Lodge, Republican leader of the senate, Brandegee of Connecticut, Fall of New Mexico, and Smoot of Utah. This meeting, at which the platform adopted in Chicago was discussed, is expected to be the forerunner of many similar informal meetings.

Considers Matters in Ohio

Senator Harding also gave considerable attention today to Ohio political matters, conferring in addition to Mr. Brown with W. L. Parmenter of Lima, Ohio, former state chairman. The candidate made public a letter to Secretary of State Smith of Ohio, withdrawing his petition for renomination at the August state primary. The petition was filed on the eve of Mr. Harding's nomination for the presidency.

Shortly before the senator left his office for the day, General Pershing called and remained in conference with him for about 15 minutes.

"It was merely a social call," said the general as he departed. "The senator is a very good friend of mine."

The deluge of congratulatory telegrams and letters, which began coincident with the nomination, continued today. Although the nominee arrived at his office early and remained late, additional help had to be obtained to clear away the great mass of correspondence.

Among the telegrams received during the day was one from Thomas Egan, the Indiana Democratic leader and candidate for senator.

"I desire to take this opportunity to congratulate you upon your nomination," said Mr. Egan. "It was certainly a great victory for you. I remember with much pleasure your many kindnesses while in the senate and I have said repeatedly that if we had to have a Republican president that you would be my first choice."

A letter of congratulation from Rear Admiral William S. Sims also was received.

Senator Harding today sent the following letter to Major General Leonard Wood in reply to the latter's telegram of congratulation:

"I do not know quite how to express my feelings in dictating an acknowledgment to one who was a contender for the distinction which came to me. Perhaps I shall express myself sufficiently if I say that had the distinction come to you instead of me, I should have found very great pleasure and satisfaction in conveying to you a very cordial message of felicitation and good wishes."

"I know that we are both interested in the same great goal to our common country and I feel confident that you will be very deeply interested in bringing about a restoration of a Republican party administration in Washington and a return to the con-

\$10,000 in Fines Paid
By Dry Law Violators

New York, June 15. — Fines aggregating \$10,000 were imposed in federal court today on approximately 199 proprietors and bartenders of saloons, who pleaded guilty to violating the national prohibition laws before the United States supreme court declared it constitutional. The fines ranged from \$25 to \$250. One man, who admitted having attempted to transport 90 gallons of alcohol without a permit, was fined \$500.

DULUTH QUIET AFTER
3 NEGRO LYNCHINGS

Investigation Is Started By County Officials Preliminary to Convening of Grand Jury

Duluth, Minn., June 16. — With the departure tonight of the two companies of National Guardsmen sent for riot duty, home guards and naval militia took over patrol of the district where last night a mob of 5,000 persons lynched three negroes suspected of complicity in an attack on a white girl.

An investigation was started today by county officials, preliminary to the convening tomorrow of a special grand jury. It also was stated that Governor Burnquist would institute a state inquiry.

There were no untoward demonstrations today, and 13 negroes, all employed with a circus which appeared here Monday under guard in the county jail, were held in connection with the attack on the girl.

Available records today showed only one previous lynching in Minnesota, but this had not been confirmed in official sources. Twenty years ago, it was said, a white man was lynched in this county near Mountain Iron for attacking a girl.

Last night's lynchings were accomplished after the city's police force had been overpowered by bricks and streams from fire hose in an attack on police headquarters, which fronts Superior street. Duluth's principal business thoroughfare. For at least two hours the mob ruled, relinquishing its power only after the negroes had been lynched.

The mob held a "trial," declared three of the negroes guilty and acquitted the other three, who today still were in the hands of the police.

The three "convicted" negroes were hanged within a block and a half of the police station, the mob hoisting down poles of two priests that the law permitted to take its course. It took three starts to hang the first negro, as the rope broke the first two times.

Injuries suffered by eight policemen and a newspaper man in the brick fight and the fire hose attack on the police station were said today to be trivial.

The negroes hanged were Isaac McGhie, Elmer Jackson and Nate Green, all about 22 years old. They were lynched in the order named at 11:30 p. m., 11:38 p. m., and 11:45 p. m. All professed their innocence.

A report was received here early today from Virginia, Minn., that 10 negroes were being rushed in automobiles to St. Paul, guarded by deputy sheriffs, to be placed in the Ramsey county jail for protection. A score of automobiles carrying members of last night's mob had been reported on the way to Virginia from Duluth in an effort to seize other negro employees of a circus, who they believed might have participated in the attack on a white girl here.

WATCHING FOR JACK JOHNSON

Negro Pugilist Believed to Be on Way into U. S. from Mexico.

San Diego, Cal., June 16. — Agents of the departments of justice and immigration were on watch along the border line between the United States and Lower California, Mexico, a few miles south of here, today, to arrest Jack Johnson, Negro pugilist, should he enter this country. Johnson is wanted under a conviction for violation of the Mann act.

The federal officers indicated their watch was not based on any great confidence in reports emanating from Mexico that Johnson would soon be deported but upon the possibility that there might be some truth in these rumors. They particularly discounted a report printed in one Mexican paper that Judge Luis Cacho of Tijuana, Lower California, had given the Negro 30 days to leave the country. The reason for the order, the report said, was Johnson's alleged conduct toward Mexican girls.

Dave Gershon, special agent of the department of justice, said late last night Judge Cacho had denied knowledge of any such decree.

Junior, Caught After Flight, Is Charged With His Murder

"FRAT" HOUSE TRAGEDY

Student Arrested Claims He Shot Maroney Through Heart in Self-Defense

Hanover, N. H., June 16. — A student quarrel over whiskey early today resulted in the killing of Henry E. Maroney, of Medford, Mass., a senior at Dartmouth college, and the arrest of Robert T. Meads of Langrange, Ill., a junior, charged with his murder.

Meads fled after the shooting, which occurred at Maroney's rooms in the Theta Delta Chi fraternity house. While a posse of students were searching for him, he walked 12 miles to Mascoma Station and boarded a train for Boston. He was captured on the train by Sheriff Claude M. Murray, who took from him an automatic pistol and obtained a confession in which Meads claimed he fired in self-defense.

When arraigned on the murder charge, Meads waived examination and was held without bail for the September grand jury. He was taken to the county jail. He announced that his defense would be directed by his father, A. H. Meads of Chicago, who is an attorney.

Story of the Shooting

The story told to the police by Harold W. Whitaker of Somerville, Mass., Maroney's room mate, was regarded as the most direct account of what happened. Whitaker and Maroney went to Meads' room to purchase a quart of whiskey, he said. They offered him \$5. Finally he agreed to sell them a pint for that price and had gone to get it. Whitaker said, when Maroney picked up a partly-filled bottle, passed it to Whitaker, and told him to take it away.

Whitaker jumped from the window to the ground, 12 feet below, and as Maroney followed, Meads fired three shots after them. Neither of the men was hit and they thought it was an attempt to frighten them.

Maroney and Whitaker then went to their rooms at the fraternity house and prepared to go to bed. They had not touched the liquor, he said.

Shortly afterwards, Meads entered their room. Maroney was in the bathroom. Meads sat down at Maroney's desk. When Maroney came out of the bath, according to Whitaker's story, he approached Meads. Meads reached across the desk, pressed the pistol against Maroney's side, and fired. No word was exchanged between the men, the Whitaker said. Maroney died almost instantly, shot through the heart.

Meads ordered Whitaker, the latter told the officials, to "get out of here, or I'll do the same to you." As Whitaker started to leave by one door, Meads backed out of another, covering his retreat with his pistol. Two other students, James C. Chilcutt of Bangor, Maine, and Clifford F. Hart of Brooklyn, N. Y., aroused by the shot, rushed out of their rooms, but not in time to catch Meads.

In his flight, Meads was joined by Irwin T. Weiss of Hull, Ala., who, when questioned later, said he knew there had been a shooting, but did not know the nature of it, and sought only to aid his classmate in what he thought was a trivial scrap. They walked to Mascoma, where Meads boarded a Boston-bound train. Weiss returned to Hanover and was detained for a time, but was released later.

Meads Captured by Sheriff

The sheriff boarded the train at Canaan, having received a telegram to be on the watch for the fugitive. When he accosted Meads, the latter admitted his identity. Asked if he was armed, the student surrendered his pistol. He said he was going to Boston to get in touch with his father, in order to have help in his defense.

Meads told the sheriff that several students, among them Maroney, had gone to his rooms, overpowered him, and stolen the quart bottle of whiskey. He sought to recover his liquor, he said, and in a quarrel fired in what he considered self-defense.

Meads was involved in a fatal shooting of a fellow freshman named Arnold during his first year at college, a shotgun being discharged while they were examining it. Before his death Arnold made a signed statement that it was an accident.

Chicago, June 16. — Albert H. Meads, father of Robert T. Meads, Dartmouth junior said to have admitted killing Henry T. Maroney last night, left today for the east to arrange for his son's defense.

COMMENCEMENT AT R. P. I.

Troy, July 16. — Rensselaer Polytechnic institute today awarded diplomas to 165 candidates and gave certificates for "faithful service in war" to more than 500 students and alumni. The Rev. Dr. Joseph H. Odell of Wilmington, Del., clergyman, writer and war worker, delivered the commencement address.

Wireless Operators On
Strike, May Stop Ships

London, June 16. — While it is too soon for the strike of marine wireless operators to make itself felt, owing to the fact that most of them are at sea, an official of the Wireless Operators' association declared today men were joining the movement as fast as their boats arrived in port. He predicted that the Mauretania, to sail for New York Saturday, would not leave. Pickets are on duty at the wireless station here.

SEEK WOMAN IN
ELWELL MURDER

Housekeeper Says She Found Negligee and Slippers in Slain Sportsman's Room

MANY GIRL VISITORS

Police in Search For Two Who Are Believed to Know Something of Shooting

New York, June 16. — Investigation of the murder of Joseph B. Elwell, sportsman and whist expert, who was shot in his home last Friday, centered tonight upon "the woman in the case."

In an effort to learn her identity, Mrs. Marie Larsen, housekeeper for Elwell, was taken to the district attorney's office late today and questioned closely. Assistant District Attorney John T. Dooling said Mrs. Larsen told him she removed a negligee, slippers and a boudoir cap from Elwell's room after she had found him with a bullet wound through his head and that she had hidden these in a waste bin in the cellar. According to Mr. Dooling, the housekeeper said she did this in order to protect the woman. He said Mrs. Larsen declared she knew nothing about the woman's except that she was about 25 years old. After the examination, the housekeeper returned to the Elwell home with a detective.

Housekeeper "Fixed Up" Room

Mrs. Larsen said during her examination that after Elwell was taken to a hospital, she had fixed up the room. It could not be learned from any of the district attorney's assistants tonight whether Mrs. Larsen meant that the bed had been slept in, and that she had made it up before the detectives reached the house.

The police theory is that if the woman who owned the negligee, slippers and boudoir cap passed the night in the house and succeeded in leaving before the murder was discovered, she may have knowledge of the crime which is expected to solve the mystery.

Mrs. Larsen described two young women who, she said, were frequent visitors at the Elwell home. One of these has already been questioned by the police. The other girl, who Mrs. Larsen said was about 24 years old, five feet tall, and had dark brown hair, has not yet been interviewed by the police, but a search is being made for her. This young woman, Mrs. Larsen said, usually called on Elwell about 10 o'clock in the morning.

Whether Mrs. Larsen is acquainted with the young woman sought or the woman whose lingerie was found in the room, the police have declined to state. One of the women, Mrs. Larsen said, dined with Elwell in his home on the Tuesday preceding his death. She arrived at the house about noon, and is described as being "short and fat" and about 24 years old.

Asked to tell of Elwell's movements in detail from Tuesday on, Mrs. Larsen said that on Wednesday afternoon he attended a wedding at the Hotel Plaza. Thursday she found him up when she arrived, and he asked her to put away in a cedar chest the coat he had worn at the wedding, as he would need it any more.

AMERICAN SLAIN BY CHINESE

Washington, June 15. — Strong representations have been made to the Chinese government by the American legation at Peking as the result of the killing of the Rev. W. A. Reimert, an American missionary, in an attack on the Reformed Church mission at Yo-shov by Chinese northern troops.

The legation informed the state department of its action in advices which were received late today and which reported that the troops, commanded by the military governor of the province of Hunan, also looted the mission quarters.

WOMAN WITH BABE IN COLLEGE

Chicago, June 15. — The highest honors among the 573 persons graduated today from Northwestern university were awarded to Mrs. Howard Van S. Tracy, of Evanston, who took her baby daughter to college with her, and completed the four year course in three years. Mrs. Tracy was graduated with a degree of Bachelor of Arts. She said she planned to return for her Master's degree.

Besides going to college and caring for her baby, Mrs. Tracy did all her housework. The baby was born four months after the mother entered college in the fall of 1917.

A. F. L. RENEWS
ITS STAND FOR
IRISH REPUBLIC

Resolutions Urge That Forces of Occupation Be Withdrawn

NEW STEEL STRIKE?

Labor Leader Declares That Last One Was "Wonderful Success," and Hints At Another

Montreal, June 16. — The American Federation of Labor reaffirmed its stand for recognition of the Irish republic amid great demonstrations at its convention here today. Resolutions adopted urged that the military forces in occupation in Ireland be withdrawn, and that the Irish people be accorded the right of self-determination.

The convention today authorized the continuation of its organization campaign in the iron and steel industry. The executive council was instructed to call a conference of international unions concerned in this work, to procure their "full cooperation" in the campaign.

The recent steel strike was declared a "wonderful success" by Joseph D. Cannon, of New York, member of the National committee of iron and steel workers, in an address to the delegates. He appealed to the federation to aid the 300,000 organized steel workers to prepare for a "new strike."

Condemn Wearing Uniforms

The federation condemned the practice of strike breakers or strike guards in control of private individuals or agencies wearing the uniforms of the United States army or navy.

"The uniform of this great nation of free men," added the report adopted, "should be everywhere a badge and symbol of human rights and liberties to which the American Federation of Labor is traditionally devoted, and should never be permitted to become the insignia of tyranny or repression as embodied in the practices here complained of."

Reclassification of the civil service and adoption of a "wage scale commensurate with the skill, training and responsibility involved in the work," are demanded in a resolution unanimously adopted by the convention.

The executive council was instructed to take up the work of "centralization, analyzing and disseminating" the industrial problems of the nation for the information of organized labor. Congress was called upon by the federation to provide "liberal appropriations for the study of social and industrial problems and technical research in all branches of science, touching the welfare of the nation's people."

Declaring that the cost of living "must go no higher," the federation demanded that legislation be enacted at once to curb profiteering.

Demand Lowering of H. C. L.

The convention expressed regret that congress had "failed to enact a single constructive measure that would aid in checking profiteering."

It instructed its executive council to press labor's "specific proposals" constituting a program of remedy for reducing living costs.

The federation re-affirmed its declaration of principles laid down in 1918 to the effect that "those contributing to production should have a part in its control." It then went on record in favor of "setting up conference boards of organized workers and employers, thoroughly voluntary in character and in thorough accord with the trade union organization, as a means of promoting the democracy of industry through development of cooperative efforts."

Automatic control of industry was condemned and it was declared there "is no salvation and no hope of abundance in our time" until it is removed "from our industrial life."

By special action, the federation endorsed the declaration that "we cannot be driven as slaves, but we can give mighty service in the common effort of human kind."

The federation condemned the government for not giving the workers of Porto Rico and Santo Domingo protection "from cruel and inhuman exploitation by corporations and other employers."

200 AUTOS LOST IN FIRE

Rockland, Me., June 16. — Fourteen buildings, including a garage that contained 200 automobiles, were destroyed by fire in the business district that caused a loss of \$500,000 today. Four families were made homeless and 11 business places were burned. The loss on the automobiles, many of which were tourists' cars that had been stored overnight, is estimated at \$250,000.

NO CLASS DISTINCTION HERE

Worcester, June 15. — Governor Coolidge, addressing the graduating class of Holyoke college today, asserted that there was no class distinction in America.

"Our constitution forbids nobility," he said, "because this great document recognizes the truer and finer nobility of American citizen."

Americans at Marash
Reported in Safety

Washington, June 16. — Americans at Marash, in Asiatic Turkey, are safe and in need of no aid, according to news direct from Marash received at Constantinople by mail and transmitted today to the state department by cablegram. Funds necessary for the American colony can be obtained from the banks in Marash, the advices said. Foreigners at Marash are reported to be still under detention of the Bolsheviks, but Americans there are said to have not been molested.

DEFIES GOVERNOR TO
ENFORCE LABOR LAWS

Howat Says Allen "Attempted to Ride Into White House" on Industrial Legislation

Indianapolis, June 16. — Alexander Howat, president of the Kansas district of United Mine Workers, in an address today defied Governor Allen to enforce his court of industrial relations on which he "attempted to ride into the White House."

"The United Mine Workers," declared Mr. Howat, "will strike whenever they believe they have the right to strike."

"We will show Governor Allen that he has undertaken a bigger task than he anticipated. Every mine worker in Kansas is willing to go to jail before surrendering their rights as American citizens."

Mr. Howat said Governor Allen had told the country how he had saved the people of Kansas from freezing by getting volunteers to work the mines. He asserted that during the three weeks that 2,000 soldiers were in the mines with 2,000 soldiers to guard them, "Governor Allen" only produced the same amount of coal that some of the Illinois mines could produce in one day."

"I also want to tell the people," added Mr. Howat, "that the coal produced by Governor Allen cost the people of Kansas \$200 a ton."

Mr. Howat's address was in support of the convention action in condemning the court of industrial relations and pledging its support to "fight such legislation to a finish."

The convention approved Mr. Howat's resolution condemning "Governor Allen and his despicable efforts to enslave the working class of Kansas, and finally the working class of the United States in prostituting his office as governor of Kansas to the work of crucifying the working class."

WIFE OF ARMY CAPTAIN
SHOT AT CAMP GRANT

Authorities Look For Soldiers Who Escaped from Guardhouse Few Hours Before Killing

Camp Grant, Ill., June 16. — Investigation of the fatal shooting of Mrs. Lucille Moss, wife of Captain Leroy H. Moss, at Camp Grant last night, took a new turn today when camp and city authorities, armed with rifles, began a hunt for four soldiers who escaped from the guardhouse yesterday.

One of the four has faced a court-martial three times on charges preferred by Captain Moss, intelligence officers say.

Indications that an escape had been pre-arranged came to light when the authorities learned a car had been stolen at Davis Junction, just south of the camp, not far from where the shooting occurred.

According to a report from Mount Morris, Ogle county, four soldiers drove into that village early today, tried to buy gasoline, and when the garage man declined to sell it, abandoned their machine.

The entire camp military intelligence force was seeking to establish whether Mrs. Moss was murdered or accidentally killed.

That Mrs. Moss had been shot was not known until the automobile in which she was riding with her husband and four friends had gone a half mile. The party just had passed a small group of soldiers, it was said, when a sharp report was heard. The motor party later recalled that they had thought it was a misfire of the motor. Striking a bump in the road Mrs. Moss, who had been asleep on the rear seat wedged between Mr. and Mrs. William V. McCreight, slumped forward. Mrs. Moss was asleep when she fell to recover her position, put out her arms to aid her, and it was found only then that she had been wounded.

Captain Moss, who was driving, rushed to the camp base hospital but Mrs. Moss died a short time after reaching there.

Camp officers immediately caused a roll call of every unit and a search was made for the men unaccounted for. Captain Moss said he believed the shooting was accidental.

UNION MEN APPEAL

Assert If Striking Railroadmen Were Reinstated, Congestion Would Be Ended

Washington, June 16. — Restoration of striking marine and railroad workers to their old jobs was recommended to the Interstate Commerce commission today as a means of alleviating freight congestion. The recommendation was made by James Reilly, of the International Coastwise Longshoremen's association; P. B. Healy, of the Marine Workers' union of New York, and Frank Boland, of Jersey City, who spoke for striking railroad employees of New York and other cities.

While the commission was hearing the representatives of the strikers and grappling with freight congestion and coal shortage problems generally, J. D. A. Morrow, vice president of the National Coal association, issued a statement protesting against any embargo on coal exports.

Mr. Morrow placed the responsibility for the existing coal shortage, said to be especially acute in New England, on the commission. An embargo on exports, which government officials have been discussing, he asserted, was "wrong in principle and would not cure the present difficulty."

"The only remedy," he added, "is furnishing of more cars to the mines."

Strike Breakers Get Big Pay

Mr. Boland told the commission that if striking railroadmen were restored to their places, which he said now were filled with inexperienced workers, and the seniority rule of the strikers preserved, the freight jam would be relieved immediately. He charged that the railroads were paying strike breakers \$25 and \$30 a day in comparison with the regular rate of \$6.90 and that the government eventually would have to foot the bill.

The strikers' representatives following the conference, said that Commissioner Eastman, who heard their presentation, had agreed to lay the matter before the full commission. They quoted the commissioner as saying, however, that the commission might hesitate to act as an arbitrator in a labor dispute because of the precedent that would be established.

Efforts of the department of justice toward relieving the freight situation continued today, and it was understood that progress was being made. A statement from the attorney general on the subject is expected within the next few days.

Progress Toward Relieving Congestion

The statement by Mr. Morrow on behalf of coal operators of the country declared the Interstate Commerce commission has full authority to relieve the country from congestion.

"The railroads several weeks ago requested the commission to direct the placing of additional cars at the coal mines," Mr. Morrow said. "The National Coal association a month ago requested the commission to take prompt, decisive action, so as to enable the operators to produce and distribute an adequate supply of coal."

"In the meantime, an unlawful and unfair distribution of railroad cars among the mines, put into effect by the carriers with the apparent sanction of the commission, has made matters worse."

"As yet, the Interstate Commerce commission has done nothing which deals effectively with the car shortage at the coal mines. Officials of the National Coal association are taking the matter up again with the commission, urging immediate action to provide the coal cars needed. If such action is forthcoming, it will end any danger of a coal shortage."

PREPARE ORGANIZATION OF
INTERNATIONAL JUSTICE COURT

(By the Associated Press.)

The Hague, June 16. — The conference of jurists invited by the League of Nations to meet in this city for the organization of a permanent international court of justice, opened its sessions here this afternoon. The conference was inaugurated by Leon Bourgeois, president of the French Association of the Society of Nations. Speaking in behalf of the council of the League of Nations, he referred to the presence of Elihu Root, former secretary of state of the United States, who is one of the delegates to participate in the construction of the court.

"Mr. Root's of America," said M. Bourgeois, "is a proof that the Old World and the New, notwithstanding passing difficulties, will not be separated by a lasting barrier." He declared the purpose of the court will be really a permanent body, not merely a court of arbitration, and that it will render decisions from which there will be no appeal.

Facts for Bond Buyers

It is a matter of record that history repeats itself. Right now the same general conditions prevail which have always existed after great wars. Judging from the past, a decrease in the high cost of living will mean an increase in the prices of bonds. Authorities seem to agree that we have passed the peak of inflation.

MARKET YET LACKING IN PUBLIC INTEREST

Efforts of Pools and Cliques to Stimulate It Attended With Slight Success

New York, June 16. — Efforts of pools and cliques to stimulate a degree of public interest in the stock market today were attended with slight success, despite additional bidding up of various specialties, notably several of the closely-held issues.

Easy money again favored the professional element, call loans opening at seven percent but falling to six soon after midday. This fact was regarded as noteworthy because of the further shifting of funds, necessitated by heavy payments of federal taxes.

Reports from other reserve centers indicated no disturbance of monetary conditions. On the contrary, there were signs that banks at leading commercial centers were buying liberally of mercantile paper.

The industrial situation was less reassuring, advices from Philadelphia telling of further reductions of operations in the woolen mills. Extensive cancellations and lower prices for finished materials were assigned as the primary causes.

An echo of the recent financial and industrial collapse in the Far East was sounded by "The Iron Age," which referred to cancellations of Japanese business. The Dutch East Indies, and even Europe, it was stated, have absorbed most of the Japanese rejections.

On more circumstantial merger rumors, issues of the prominent chemical companies made further material gains today, especially General Chemical, Barret and Annaline. These were steady toward the close, as were the moderate advances in steels, equipments and rails.

Trading in bonds was fairly large, the activity, however, being mainly at the expense of values. Liberty issues and the foreign issues eased. Old U. S. bonds were unchanged on call.

Himman Hollow School Wins.

At a picnic held on the school grounds last Friday, District Superintendent Grace A. Loudon announced that Himman Hollow school, which is the highest rating in the town, thereby winning first prize.

Early in the year, Miss Loudon promised prizes to the schools in the different towns of her territory, upon different points, which she gave out. Himman Hollow stands first in Hartwick.

Although this school is small at present, it shows a very good record for the past year. Every child made his grade, the attendance was excellent, 50 percent of the parents visited school while in session and each child gained the honor of Knight in the health crusade.

The prize, which is a high grade picture for the school room, will be given out at the first teachers' conference in September.

The feature of the picnic was a program in the afternoon, consisting of a three-act play, songs and recitations. Both were well attended.

Everyone feels justly proud of our little school. Much credit is due the pupils and their teacher, Miss Adelia Killey.

the trip into the jungle itself, to tempt the many beasts to display their natural ferocity before the camera, while the performers portrayed the many sensational scenes of this marvelous production.

THE LOST CITY is a distinct surprise in serial production, going further in its thrills and sensations than anything yet produced for the screen.

Laid in the African jungles and vast desert stretches, the story calls for all the wild denizens of this adventurous quarter of the world, and thus we find uncivilized natives, lions, tigers, leopards, elephants, camels, gorillas, chimpanzees, zebras, giraffes, alligators, and many other wild animals, all playing their part in this gigantic story, adding their own individual thrills to this sensational tale.

Deep into the jungle went the of players to enact this thrilling and intensely dramatic story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands, uncivilized people and ferocious beasts.

Hazardous indeed was the venture of the big company, but the story, called for realism and this could hardly have been possible with caged or tame animals. Hence the trip into the jungle itself, to tempt the many beasts to display their natural ferocity before the camera, while the performers portrayed the many sensational scenes of this marvelous production.

FOREIGN MARKET CONDITIONS.

Further assurance that foreign market conditions are growing more encouraging daily with the increased European effort to stabilize exchange, is derived from latest trade reports by the Guaranty Trust company of New York in the current issue of its fortnightly trade review, "American Goods and Foreign Markets." The bulletin says:

"Notwithstanding the depressing effect of unsettled conditions in some markets, foreign trade developments of the last fortnight have brought forth tendencies decidedly encouraging to merchants anxiously watching for further signs of a return to normal trade conditions. Recent reports of industrial and commercial conditions show the beneficial results of the supreme efforts that European countries are making to bring their exchange rates to stronger levels.

"Continued improvement in production, both for home consumption and export, which is one of the most effective remedies for a weak exchange, can be seen in most European countries, particularly Great Britain, Belgium, France and Italy. One development, which will likely react favorably on French exchange, will be the final adoption by the government of that country of a wheat policy for the coming year. The new wheat bill provides for the purchase by the state at a fixed price of all wheat grown in the country during 1920, and also for the purchase by the state of all foreign wheat to be imported into the country during the year. The exact extent to which this monopoly of wheat importation by the government will relieve France of the necessity of importing American wheat cannot be determined now, of course, but it becomes almost obvious that her wheat purchases in this country will be lessened materially as a result of the policy and the exchange situation bettered accordingly.

"The recently announced British project for arranging trade relations between Great Britain and Soviet Russia through a Russian Soviet minister of trade and commerce, has not and probably will not result in any change in the stand already taken by the United States on the question. The departure has found practically no support in other Allied countries and seems destined to meet with considerable opposition among conservative groups in England."

Examinations at Cooperstown. State examinations for scholarships for soldiers, sailors, marines and nurses who served in the World war, will be held at the county seat on July 10. BAD WEATHER NO HINDRANCE

Patrons and Employees of the Nestle Food Company Turn Out en Masse Yesterday at Cooperstown — Fifteen Hundred Assemble on Fair Grounds — Everybody Enjoys Day Outing Despite Rain.

Bad weather apparently kept no body at home from the first annual picnic and June outing of the patrons and employees of the Nestle's Food company plants at Oneonta and Cooperstown, which was held yesterday at the fair grounds in the latter place. From Oneonta and points along the trolley many made the trip on the special car which left this city at 9:50 a. m.; but others in greater numbers went by their own conveyance, or by the steam line, so that by noon it is estimated that fully 1,500 were assembled. Owing to the frequent rain-falls, the picnicers made their headquarters in the grandstand, which afforded ample room for everybody. In connection with the basket picnic, ice cream and soft drinks were served throughout the day, and for the younger visitors there were toy balloons and noise-making devices provided in great variety.

Among the officials of the Nestle company present at the outing were O. C. Spindler, manager of the Oneonta plant; D. D. Parker, division superintendent of the Eastern New York division; H. M. Rowe, general agent of the executive department in New York city; N. T. Mahoney, superintendent of field work; Edward Selas, chairman of publicity and welfare work; and H. W. Jones, superintendent of the Cooperstown plant.

Shortly after 2 o'clock Mr. Jones, for the Nestle company, in a few appropriate remarks, welcomed the visitors to a gathering which, he said, promised to be an annual affair. He hoped that all would have a good time in spite of the weather, and he predicted that farm work would go a little easier on mornings following such gatherings as this. He then introduced Floyd S. Barlow of the County Improvement association, who acted as chairman of the meeting. Song sheets were passed and the entire audience, rising, sang "America," accompanied by the Cooperstown band, which furnished music during the day.

Mr. Barlow spoke briefly of the work of the Improvement association and urged the farmers of the county to regard their membership as an investment instead of a donation. A 50-50 organization of business men and farmers, it is doing the "things which have been talked about but never accomplished. County roads, junior projects and reforestation are leading planks in a platform which eventually will include many other things for general civic betterment. A campaign to increase the consumption of milk and milk products is one of the projects which the association will at an early date undertake.

H. M. Rowe, general agent of the company, brought greetings from President Montgomery of New York, who had expected to be present, and stated that those present represented the greatest group of business men in the country, the farmers as producers and the company as manufacturers. Both are in the same boat, they have common problems and common interests. Columbus on his second trip to America brought a cow to the new continent, and from her and other animals brought in the centuries which have followed has grown an industry which is the principal source of life to millions of infants in the world today. The war produced a tremendous demand, and not only in Europe, but the products of the company are consumed by the yellow peoples of China, the browns of India, the blacks of Africa and the natives of the upper reaches of the Amazon. He realized that grain is high and at times when he gets the milk check from his own farm he sometimes asks himself if it pays.

In conclusion, he said that no part of the dairy interest can prosper at the expense of the other. They have the same ideals and the company desires to approach common problems in a spirit of compromise. It is a fine thing, he said, to sit in this grand stand and view the beautiful hills of Otsego, while the voices of all, as do their interests, blend together.

Miss Theresa Sherman of Sherman lake rendered several vocal selections in splendid manner and to an encore sang her father's latest song hit, "A Mean Nigger." All her selections were heartily applauded. Dan Sherman, assisted by the Punkin Hotter Quartet, delighted the audience with several well-rendered selections.

A brief address was also given by John D. Carey of Richfield Springs. The various sports of the day were pulled off between showers as follows: Waldo Johnson being the starter and Harold Basinger the announcer:

Gr.'s potato race—A. Parker, first; L. Campbell, second; E. Mecherlein, third.

100-yard dash—E. K. Adet, first; Earl Gage, second; Charles Smith, third.

50-yard dash, girls—Miss A. Parker, first; Lillian Campbell, second. Potato race, boys under 13—Charles Smith, first; second; and Mat Leville, third.

Potato race, girls under 15—Marie Burns, first; Helen Knapp, second; and Frances Harvey, third.

Tug of war—Laurens and Portlandville, ten men each. Laurens won easily.

Hitching-up race—Stanley Miller, first; William Wells, second; and Mrs. Conklin, third.

Altogether the day was greatly enjoyed, and all present will look forward with genuine anticipation to the second annual outing, which will doubtless be held next year.

MAGAZINE FAKIR ARRESTED

IS SENTENCED TO 60 DAYS IN COUNTY JAIL FOR PETTY LARCENY.

W. P. Carpenter, of Newark, N. J., Summited Oneontans to Extent of \$60 and Then Left with 15-Year-Old Bell Boy — Is Paroled on Three of Four Counts.

During the early part of last month, a magazine agent was active in Oneonta for a week or so and by telling an apparently plausible story of the "firm" he represented secured a number of subscriptions. In every case giving a receipt for the amount of money he took for the magazine. While here, he prevailed upon a young bell boy at the Oneonta hotel to go into "business" with him and a day or so later they left town, and that was the last heard from him for several weeks.

The mother of the boy became worried over not hearing from her son and conferred with the local police, who at once got on the track of the magazine agent and located him at Newark, N. Y., near Syracuse, where he was arrested Tuesday by Chief Horton and Officer O'Dell and was brought to Oneonta yesterday and arraigned in city court yesterday morning.

The man, whose real name is Walter P. Carpenter, and whose home is in Newark, pleaded guilty to four counts, three charging him with petty larceny in specific instances, and the fourth charging him with endangering the morals of the lad he took from Oneonta. Judge Huntington sentenced him to 60 days in the county jail at Cooperstown on each of the four counts. Execution of sentence, however, was carried out on but one of the counts, one of those charging Carpenter with petty larceny, and he was paroled on the other three counts, which means that after he has served his 60 days in jail he must report regularly for the succeeding 180-day period to the chief of police at Newark.

The police brought the boy, Myron J. Clark, 15 years old, back with them and he was returned to his mother, who had been anxious over his disappearance. Carpenter said that since he left Oneonta he had been "working" in Norwich, Sherburne, Oxford, Sidney, Walton, Greene, Coventry, Unadilla, Binghamton, Syracuse, Schenectady and Poughkeepsie. He said that he was the authorized representative of a subscription agency up until last January, since which time he had been connected with no firm but had been "working the game" alone, pocketing all the money he could prevail upon people to give him for magazines which never were delivered.

His "earnings" from Oneonta totaled about \$60, he said. While here he went under the names of W. P. Sayre and W. P. Parker.

MOTORING ON STEAM RAILROAD. FARMERS OF DELAWARE COUNTY

Pierce Arrow Equipped with Steel Wheels Makes Trip over Division.

An Oneonta motorist returning from Binghamton yesterday afternoon observed a large Pierce Arrow car moving rapidly along the D. & H. tracks about a mile west of Bainbridge, his first impression being that some venturesome driver had attempted to take the roadbed of the railroad company rather than the Macadam. Second glance, however, disclosed that the car was equipped with heavy steel wheels with a flange to hold it to the rails, also that it carried the regulation two white flags at the front and a red one at the rear. With the single exception of the wheels, the car had every appearance of a regulation touring car with the top up.

Inquiry at the division office here disclosed that the car is the property of the maintenance of way department of the D. & H. company, and that it was conveying W. B. Leonard, the engineer of that department, H. S. Rogers, of this city, division engineer, and A. H. Rice, superintendent of signals, on a trip of inspection. This is understood to be the first trip of this car over the division. Formerly another car was in the possession of the department, but was little used, although it cannot be said that it was found unsatisfactory.

The car made the run from Oneonta to Sidney in 34 minutes, showing that it can make good time. The run to Binghamton consumed 3 hours and 20 minutes, but several stops for inspection were made. Each of the wheels in use on the car weighs 400 pounds. It is said that it is a regulation touring car for highway purposes with the exception of the wheels. In operating the car a conductor is carried, and its movements are regulated by the dispatchers exactly as a train is directed. Private cars of this type are not an impossibility of the future.

Automobile Owners, Look Here

You can save a lot of money, if you so desire, by coming to Oneonta to get your Tires and Tubes.

We have the largest and most complete stock in this part of the country, and mind you, all are standard makes, such as GOODYEAR, FISK, DIAMOND, KELLY-SPRINGFIELD, MICHELIN and GOODRICH. All are first class and fully guaranteed—Regular Fabric Tires, 6000 Miles, and all Cord Tires, 8000 Miles.

Right now we can save you about 25 percent on every Tire and Tube you buy of us. Early in March Tire Makers advanced their price about 25 percent and we expect another advance immediately. OUR PRICES ARE BASED ON THE OLD PRICE OF LAST YEAR—IT MEANS DOLLARS TO YOU TO GET WHAT YOU NEED RIGHT IMMEDIATELY while we offer you these attractive prices. Another thing of importance to you is the fact that we are here to stand back of every Tire we sell until you have received your full value in mileage from each Tire. In case you have a tire which does not give you full mileage, we are authorized to make adjustments right here on the spot—no waiting until we send it back and hold you up a month or two, then charge you the price of a new Tire to make it good. Our guarantee means what it says—Fabric Tires, 6000 Miles and Cord Tires, 8000 Miles. Glance through this list of prices and see what you can save, then call on us to furnish the goods.

LOCAL MENTION.

—Will the ladies who were solicited for cakes for the Normal banquet, this evening kindly have them ready in the early afternoon?

—The City Drug store has installed a new cash register purchased of Sidney Linker, local agent for the National Cash Register company.

—A month's mind mass was celebrated at 7:30 o'clock Wednesday morning at St. Mary's church by Rev. Father Noonan for Mrs. Michael Hamilton.

—Ezra Alger bought yesterday from Mrs. M. M. Multer, agent for the Fonda estate, a vacant lot on River street adjoining the two he already owned.

—Another pair of Horke Vindos were taken into the toils yesterday and will be arraigned in police court this morning. Men with a thirst are said to be able to buy this intoxicating drink openly at 20 cents a glass.

—Though yesterday was the opening day of the black bass season, few if any residents of the city embraced the opportunity to go a-fishing. For this the threatening and generally unfavorable weather was doubtless responsible.

—Owing to the fact that Leo B. Bennett, postmaster at Schenectady, has withdrawn his resignation, civil service examination for the Schenectady postmastership, which was announced for yesterday at the office in Oneonta, was not held.

—Cooperstown was the objective of many Oneonta merry-makers last evening, a large dance being held at Smalley's pavilion. Music was furnished by Zita's famous Albany orchestra, and the dancing lasted far into the night. The Cooperstown-Oneonta bus ran a special trip to accommodate Oneonta couples at the dance.

Herrieff Says:

When General Sherman said "War is hell," he probably never had had any experience moving a clothing store. For several days we've been busy getting ready to move Herrieff's Clothes shop across the street to our new location. We hope to be all over by the last of next week.

This moving game is said to be great sport, but so far we think we would prefer golf, billiards or flinch. Up to this time any comments we have to make on the subject would not look well in print.

By the way, it's a mighty good time to buy stuff at Herrieff's. We've concluded we can move money over a lot easier than we can the clothes.

Presentation of Diplomas. Frank R. Gilbert, E. A. Deputy Commissioner of Education.

Address to the Graduating Class. Principal Bugbee.

Music—America. Orchestra.

The Alumni Banquet.

Extensive preparations have been made for the annual Alumni banquet, and an evening of rare enjoyment is being planned for all those in attendance. The dinner will be served promptly at 6 o'clock this evening in the gymnasium, which will be appropriately decorated for the occasion. For an hour preceding the banquet, there will be an informal reception at which the Alumni present will be given an opportunity to renew old acquaintances.

The program for the post-prandial features of the closing event of the school year is as follows:

"In the Name and for the Glory of O. N. S." Dr. Charles A. Schumacher, toastmaster.

The Class of 1920. (a) The Faculty's Tribute. Miss Ada K. Smith.

(b) Response. Miss Dorothy Walter, '20.

Alumni. Attorney Owen C. Becker, class of 1909.

Song—Oneonta.

The Faculty. Prof. A. M. Curtis.

Vocal Solo. Miss Greene.

P. P. C. Prof. E. W. Anibal.

O. N. S. Dr. P. I. Bugbee.

Song—America.

Entertaining Class Day Program.

Much laughter at the expense of the members of the class of 1920 was indulged in at the Class day exercises held yesterday morning in the auditorium of the school. Although Class day is distinctly a "local" affair, being appreciated fully only by those whom it concerns, there nevertheless was a goodly number of friends of the graduates present.

The program was opened with the class president's address given by Miss Ruth Clark, in which she welcomed those present and expressed the class' appreciation of their presence. Miss Clark, as one of the class, expressed regret at leaving O. N. S. and closed with a word of thanks to the faculty for their service and to Dr. Bugbee, the principal. Her address was characterized by its fine sentiment and note of appreciation.

Miss Dorothy Hanks of this city came next with the class history and cleverly told of the varying experiences of a Normal student during her two years' course, the first impression of "how strange everything seems," and later the joy of fellowship with the student body. Her effort was heartily received by the audience.

Following the reading of the class poem, from the pen of Miss Beatrice Redding, which was a tribute to the spirit of O. N. S., Miss Harriet Cannon took the platform and delivered in an excellent manner the class oration, "Our Motto." The other features of the program were the class prophecy, by Miss Sally Maybury, "Grinds" by Miss Beatrice Cramer, the presentation address by Miss Dorothy Seaman and awards by Miss Gladys Weeks.

The gift of the class of 1920 to Alma Mater was a Liberty bond, which Dr. Bugbee was instructed to use as he saw fit in the purchase of a gift for the school.

At intervals during the program, selection were given by Canning's six piece orchestra. The exercises were interesting and well given throughout and kept the audience in a humorous mood most of the time.

Other Class Day Events.

The annual business meeting of the Alumni association, scheduled for 3 o'clock yesterday afternoon, did not take place owing to the lack of attendance, a heavy shower having broken a short time before the meeting was to have begun. The officers for the past year will therefore carry over for another 12 months.

The club rooms were the scene of a pretty reception last night given by the sororities in honor of the alumni and their relatives. Dancing was the chief form of diversion and a pleasant evening was reported by all. The club rooms were appropriately decorated for the occasion.

Owing to the fact that Commencement week necessarily has to come early at the Normal in order to provide for summer school, there are but few alumni from out of town present here this week. A large majority of the alumni of O. N. S. are teachers and as this is Regents' week over the state, they of course are unable to leave their school duties.

ADDRESS OF REV. DR. GILES

AT HIGH SCHOOL BUILDING SATURDAY AFTERNOON FOLLOWING RECEPTION

Event Planned to Give All Citizens an Opportunity to Greet All the Klipnock Boys on the Occasion of Their Home Coming—Dr. Giles Eulogy Will Be a Feature and Entertainment—All Citizens Invited.

So many citizens have expressed a desire to greet the Klipnock Boys and to hear Rev. Dr. W. W. Giles, the eloquent speaker, who is to accompany as the special guest of President Leon D. Reynolds of the club, coupled with the inability to accommodate more than a limited number at the dinner at the Country club Saturday evening, that the committee announces a reception at the High School building at 2 o'clock Saturday afternoon in honor of the Klipnockians, to be followed by the address of welcome from Mayor Ceperley and the address of Dr. Giles.

It is believed that this will afford all an opportunity to meet the boys on this occasion and renew old acquaintances.

Rev. Dr. Giles, who is to deliver the address, is reputed to be one of the most eloquent and entertaining speakers in the state. He is to be one of the speakers at the banquet of the New York State Bankers' association at Ashbury Park, N. J., on Friday and is in demand at many of the largest gatherings of the kind the state over.

It will be a treat to hear him and citizens who appreciate the home coming of the boys should help fill the High School auditorium to overflowing at the reception and exercises to follow.

The Oneonta City band, which is to help make the afternoon of Saturday a gala occasion, will render a short concert in front of the Oneonta early in the afternoon and then escort the visitors and speaker to the High School building. After the exercises at the school building, the band will be the escort to Neehwa park, where the boys of older days will have a chance to see how well the fame of the city for its baseball team is maintained by Weidman's Cubs. Norwich will be their opponents and a fast game is assured.

It is hoped that all citizens will unite heartily in the suggestion made in The Star of Wednesday that all relics of old Oneonta be displayed in the show windows along Main street. If this is done, the visitors will find much of interest to remind them of former days. It is the desire that Saturday be made as much a holiday as possible and not interrupt business seriously and all who can should attend the reception and exercises at the High School building.

ELKS LODGE NEEDS MORE ROOM

Trustees Not Prepared to Report Last Evening on Building Plans.

Announcement that the new building project would come before the session of the Elks' lodge last evening attracted a large attendance, but when the subject was brought up, the trustees announced that they were not ready to submit any definite proposal for plan and action was deferred until the next meeting, when it is expected that some plan will be suggested.

The lodge room is now much overcrowded when meetings of special interest are announced and with the large membership, now nearly 600, which is growing steadily from month to month, the need of more room for all purposes is sorely felt. The success of the fraternity in the city is assured and there is little or no doubt that definite steps will be taken to secure more commodious quarters at an early date.

There was a large attendance for the dinner at 7 o'clock and at the session of the lodge nine candidates were initiated. Visiting brothers were present from Hartwick, Cooperstown, Stamford, Canadilla and other places.

BRING OUT YOUR RELICS.

Put Souvenirs of Old Oneonta on Display for Klipnock Day.

The attention of citizens is again called to the suggestion made yesterday to the effect that those who have in their possession relics of Old Oneonta rummage attics, investigate the contents of ancient cupboards and other repositories, or even make forays on treasured relics or the lady's syne, to the end that an interesting display may be made in show windows during the days that the visiting Klipnock boys are guests of the city.

Interesting and perhaps reminiscent as such a display will be to the visitors, it will be of equal value and interest to citizens themselves. Take stock, therefore, of your department of old relics, and help to make the stay of the visitors alike pleasant by bringing back memories of other years.

MARRIAGES

Warner-Griffin.
Miss Lena Griffin, daughter of Mr. and Mrs. Coval Griffin of 2 Harrison avenue, this city, was married at the First Baptist parsonage at 8 30 o'clock, Wednesday evening to Arthur Warner of 54 Gilbert street. The ceremony was performed by Rev. Dr. Edson J. Farley in the presence of several members of both families, and a number of intimate friends of bride and groom. The full ring service was used.

The bride was attired in a traveling dress of blue serge; the bridesmaid, who was Miss Lulu E. Rising of South Edmeston, in a toque suit, each with hat to match. The best man was William J. Jamison, also of this city. The bride was the recipient of numerous valuable and useful gifts.

Following the ceremony, Mr. and Mrs. Warner departed on the 9:20 train for South Edmeston, where last evening a wedding dinner was served by the bride's aunt to friends residing in that vicinity. The groom is a trainman with the Delaware & Hudson company. The bride has for several years resided with her uncle and aunt, Mr. and Mrs. E. W. Brewer, at the Junction. Both will have the congratulations and best wishes of many friends. From South Edmeston, Mr. and Mrs. Warner go to Aikland, Ohio, for a three weeks' sojourn. Returning they will reside on High street.

Death of Mrs. Ely O. Exarts.
Mrs. Ellen M. Exarts, wife of the late Ely O. Exarts of Binghamton, died on Wednesday of last week at the home of her daughter, Mrs. A. E. Wilbur, of 8 Rutherford street. The funeral services were held Friday and burial was in Spring Forest cemetery. Mrs. Exarts is survived by two daughters, Mrs. Wilbur, above named, and Mrs. Nettie E. Butterfield of Port Dickinson, also by three grandchildren, Sherman E. Surdam and Ruth E. and Mondell Butterfield. Mrs. Exarts will be very pleasantly remembered by many in Oneonta, who recall her frequent visits during the 30 years that Mrs. Butterfield was a resident of this city.

Wanted—Five young ladies to assist in light hotel work and take my free instructions for stage work. Practical experience and fitted for musical comedy work. Absolutely free. Dan Sherman, Sherman lake, Davenport Center, N. Y.

COMING TO THE STRAND SATURDAY, JUNE 19TH

Funeral of Mrs. Emory T. Cornell.

The funeral of the late Mrs. Emory T. Cornell, which was held yesterday afternoon at the family home at 414 Hudson street, was largely attended by relatives, neighbors and friends. The service was conducted by her pastor, Rev. Dr. Edson J. Farley of the First Baptist church, who read the appropriate passages from scripture, and after a discourse peculiarly fitting to one who was alike a true Christian, a devoted wife and mother and a kind friend and neighbor, closed with prayer. Two selections, "Abide With Me" and "Nearer, My God, to Thee," were sung by Miss Florence Beach, Mrs. Carl Wilcox and Mrs. Sloan. There were many floral tributes of exceptional beauty, among them those from the Philanthropic class, the employees of the board of public works, and East End neighbors, and those from Fairview street and Watkins avenue, her former home. Interment was in the family plot in Glenwood, the officers being Henry Saunders, F. W. Whitcomb, A. F. Whitney and David Dible.

Among those present from out of the city were Mrs. Mahamie Silkenail, Nelson Bruce and daughter, Olea, and Miss Grace Boughton of Charlotteville, Amos Lape of South New Berlin, Maynard Morrison and wife of Stamford and Mrs. T. J. Eckerson of Bloomville.

Strike Ended.

The strike among granite cutters in the various quarry centers all over the United States was terminated last week, the men returning to work Monday, the 14th, after being idle since April 1st.

The terms of settlement gave the cutters \$1.50 per day increase. Helpers, polishers and blacksmith wages advanced in proportion. Besides the raise in wages, rough granite stock has advanced \$1.90 per foot on light stock and \$1.10 on dark stock. It will readily be seen that a considerable increase in price on the finished product must be the result of the above conditions. We are advised by various manufacturers that the percentage of increase will be between 33 1-3 to 50 per cent.

Fortunately, we have secured a larger number of finished monuments through the winter, besides a few that Mr. Dawley purchased at the old prices when at Barre, Vermont, a few weeks ago. We are going to sell this work at prices prevailing previous to the advance stated above. A splendid opportunity for anyone contemplating the purchase of a memorial. Naturally, where we take orders that have to be finished at the present scale of wages and price of stock, we must increase our prices accordingly. Nothing can be gained by deferring the purchase either from stock on hand or work made to order.

Early purchasers of stock work will have a better assortment to choose from, and if a monument is needed to be finished to order for this year's delivery, the sooner it is placed the better the chances of getting it this season, because of the great loss of production caused by the ten weeks idleness of the workmen at the quarry centers.

In all cases, we guarantee the usual high standard work and material. It will be many years, if ever, before monuments can be purchased at the prices we have for stock work on hand. It will cost nothing to look it over, but a large per cent can be saved if a purchase is made.

Death Caused by Anthrax.

The death of Fred Doster, formerly of this city, notice of which appeared yesterday in The Star of Tuesday, was caused by anthrax and not by blood poisoning as previously in these columns stated. Mr. Doster, who was an employee of the sole leather tannery of the Edgemoor corporation, was a valued member of the Endicott Fire department and assistant chief at the time of his death. The funeral, which was in charge of the Binghamton lodge of Elks, of which he was a member, was held Tuesday morning at the Endicott Baptist church, and was conducted by Rev. C. L. Parkhurst, who in the sermon called attention to Mr. Doster's popularity and character. Many in Oneonta, of which city he was formerly a resident, will deeply regret his death.

Watch Out for E. J. Irish.

He will do the collecting in the villages of Worcester, Schenectady, Otego, Laurens, West Oneonta, Maryland and Wells Bridge before July 1.

AT DELAWARE COUNTY SEAT. Children's Day Exercises in the Churches—Miss Jones Given Shower.

Delhi, June 16. — Children's day was observed in three of the churches in this village on Sunday morning. As is customary, the programs consisted of singing, readings, recitations, etc., but it was generally conceded that this year's programs were the best which had been given in the different churches. In the Second Presbyterian, seven babies were baptized and mention might also be made of the program from that church which was most attractive. On the front cover was a picture taken from life of the Primary department, while on the other three sheets of the program were small photos of some of the other children in the Sunday school.

Miss Agnes Jones Given Shower. Miss Agnes Jones, who is the music teacher at the Delaware academy, was tendered a shower at the home of Mrs. C. R. Woods on Monday evening by the members of the Mozart club. Miss Jones has been the faithful pianist for this club during its entire season and she deserves much credit. Costly and numerous presents were given to the bride-to-be, following which a delightful program was given. Refreshments, consisting of ice cream and cake, were served.

May Locate in Delhi. Dr. and Mrs. J. P. Elliott were in town on Saturday attending the auction of the doctor's brother-in-law, James A. Paine. Dr. Elliott is looking at property in this village with an idea of purchasing for a future home. As Delhi was his birthplace, many friends hope he may be able to locate here permanently.

May Change Occupation to Fisherman. Earl Monroe, who is employed by Merrill & Humphries in their drug store, has returned from a two-weeks vacation trip spent at Lake St. Katrine in Vermont. While at this place, Mr. Monroe captured a fine pickerel from the lake which measured three feet from head to tail.

On Monday evening, Mr. Monroe in company with two other boys, motored to Spring Lake, near this village, and brought home 54 blueheads as a result of their night's fishing.

Slight Accident. As Rev. H. J. McClure of DeLancey was coming up Elm street with his Ford car on Saturday, he had the misfortune to run into a truck which was coming around the corner. His car was damaged somewhat but no one injured. Several slight accidents have happened on this corner within a few weeks.
